PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience in front-end and back-end development using Python (Django), PHP, JavaScript, Angular, HTML5, and CSS. Skilled at building responsive, cross-browser web applications, implementing backend logic, designing relational and NoSQL databases (MySQL, MongoDB), and integrating APIs. Built real-world platforms for event management, travel booking, and administrative systems. Comfortable with the software development lifecycle, debugging, and Git/GitHub workflows. Ranked among the Top 75 teams out of 1,500+ in a national innovation pitching competition, with participation in national and international hackathons.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, Angular, Bootstrap, Responsive Web Design, Cross-Browser Compatibility

Back-End: Python, Django, PHP, RESTful API Integration

Languages: Python, JavaScript, PHP, Java, C/C++

Databases: MySQL, MongoDB, SQLite

Tools & Practices: Git, GitHub, VS Code, PyCharm, Version Control, UI/UX Design

WORK EXPERIENCE

NeST Digital — Web Developer Intern

May 2026 – Jul 2026

Full-stack web development & UI/UX

- Developed responsive front-end modules in Angular, replacing static components with dynamic, reusable UI elements
- Collaborated with senior developers on full-stack feature delivery, translating UI/UX requirements into working components
- Supported backend workflow optimization and database management for live web applications

Illford Digital — Web Developer Intern

Jun 2025 – Jul 2025

Full-stack web development & UI/UX

- Implemented responsive front-end components with JavaScript and modern CSS across multiple client-facing pages
- Contributed to UI/UX redesign work, improving layout consistency and cross-device usability
- Assisted with backend workflow optimization and relational database management

KEY PROJECTS

- Event Management System** (storiiedinternational.in) — 2026 — Built a full-stack, production-live platform for a professional event company covering wedding, corporate event, and catering services, designed for high-end logistics and client presentation.
- Travel Management System** (travelpartnerktm.in) — 2026 — Developed an integrated tour packages and flight booking platform with real-time availability tracking and streamlined reservation workflows.
- Restaurant Management System** — 2026 — Created a platform to manage food items and process customer orders end to end.

EDUCATION

Saintgits College of Engineering, Kottayam

2025 – Present

Master of Computer Applications (MCA) — Current CGPA: 7.64 (Pursuing)

MES College, Erumely

2022 – 2025

Bachelor of Computer Applications (BCA) — CGPA: 5.15

Muslim Higher Secondary School, Kangazha

2020 – 2022

Higher Secondary Studies (Plus Two - Science) — 74.75% (897/1200)

Muslim Higher Secondary School, Kangazha

2020

Secondary School Leaving Certificate (SSLC - 10th) — 84%

ACHIEVEMENTS & CERTIFICATIONS

- **IDE Bootcamp (AICTE) (2024):** Selected among the Top 75 teams out of 1,500+ in the South India Idea Pitching Competition
- **Brototype (2026):** Completed an intensive Python Django development course
- **Hackathons (2025-2026):** Participated in NASA International Space Apps Challenge, Smart India Hackathon (SIH), and Youth Innovation Program (YIP)
- **Managing Human Resource (2026):** NPTEL online certification course
- **AI in Digital Marketing (2026):** NPTEL online certification course
- **Master Docker & Kubernetes (2026):** Udemy online certification course
- **Low-Code & No-Code Mastery (2026):** Udemy online certification course
